

Our ASSESSMENT steps

We are aiming for pupils to be **SECURE** or **MASTERED** by the end of every academic year. This means at the start of the academic year, in September, new objectives are set and pupils progress through the steps again.

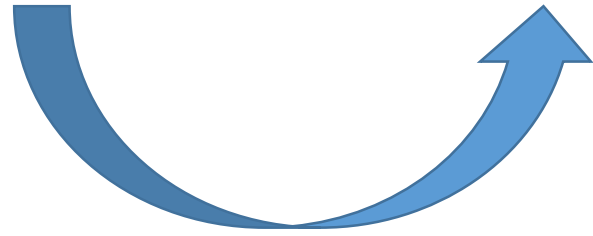

These are the assessment grades for all subjects in year 5 and foundation subjects in year 6,7 & 8.

E_{MERGING} **D**_{EVELOPING} / **S**_{ECURE}

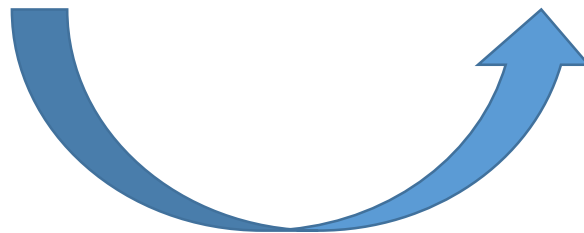

Progress within the year will see pupils cover more of the objectives being covered in lessons and knowledge, skills and understanding becoming more secure.

D_{EVELOPING} **S**_{ECURE}

Therefore you will see a move through the stages as the year progresses. Pupils who attain mastered through the year will work at deepening their knowledge of the objectives for the year.

S_{ECURE} **M**_{ASTERED}

These are the assessment grades for all subjects in year 5 and foundation subjects in year 6,7 & 8.
